

# Blood Brotherhood Program

HANJ is partnering with the Hemophilia Federation of America to offer the Blood Brotherhood program. Open to any adult men (21+) with a bleeding disorder, Blood Brotherhood will hold several events throughout the year. Each event will include an educational, physical and social component. There is no obligation to attend every event.

The purpose of the Blood Brotherhood program is to provide an opportunity for older hemophiliacs to connect with their peers in a fun, relaxed setting.

**NO COST to attend any event.**

**Transportation assistance may be available,  
depending on expenses for each event.  
(gas cards; pre-paid Visa cards for public transportation)**

For more information, contact:  
Joe Markowitz, HANJ Board of Trustees
